Are you caring
for someone or
are you in need of
care around the home?
Give yourself a break
and let us help.

AT HOME CARE

Whatever your needs, we can help.

Individual Support **At Home Care** services are designed to meet your individual needs. We can give you exactly the help you require.

You may want some help with everyday jobs like laundry, shopping or cleaning. Things like taking care of your pets - including feeding them, taking them for walks - or transport, perhaps help preparing meals.

We can provide personal care - washing and bathing, getting up in the morning and going to bed at night. And we help support a carer by sitting with someone while the carer has a break.

At Home Care can provide companionship too. Accompanied trips to the theatre or perhaps to read to someone whose eyes are failing them.

Just tell us what your needs are and we'll explain how we can help. We should point out that just about the only thing we can't provide is nursing care. Though we can help with medication.

You can trust us.

At Home Care is a registered care provider. We're a member of the United Kingdom Home Care Association and as such, work strictly to its code of conduct.

All of our carers are screened and checked.

So you know you can trust us.

What's more, we have systems in place to monitor the care we give. We keep a record of every visit. It means that we can be sure you're happy with every aspect of the service we give.

Friendly staff

Our staff are friendly, approachable and committed to helping you. They're there to give you a helping hand.

They also know what they're doing. Our staff are professionally qualified and trained.

Make life easier - arrange for a no-obligation visit.

Why not ask for a member of our staff to come and see you?

There's no obligation whatsoever, and we can discuss your needs - and how we can help. Whether you need just a little help with domestic chores or you'd like help overnight or even a live-in help,

At Home Care will be able to provide it.
